

DIA/SWATH Course

The course aims to acquaint participants with data-independent acquisition methods like SWATH-MS. Participants will get lectures and hands-on training to design and analyze DIA experiments suitable for various biological applications.

Course duration:

July 2 - 6, 2018

Application deadline:

March 31, 2018

Course location:

Lab of Prof. Dr. Ruedi Aebersold,
Institute of Molecular Systems Biology,
ETH Zürich, Switzerland
