

Scientific program

Saturday | November 8th, 2025

9:00 - 9:45 am	Registration , <i>Light breakfast and refreshments provided</i>
9:45 - 10:00 am	Welcome Remarks
10:00 - 10:45 am	Keynote speaker: Dr. Thomas Kislinger (Princess Margaret Cancer Centre), Clinical Proteomics: Biomarker Discovery & Therapeutic Targets
10:45 am - 12:20 pm	<u>Session 1: Proteomics Driving Innovation in Health Research</u>
	<i>Invited Speaker: Dr. Isabelle Siroirs</i> (CHU Sainte-Justine), Uncovering Gene Fusion Neoantigens (GF-NEOs): How the ProteoFusion NEO Platform and Mass Spectrometry-Based Immunopeptidomics Reveal Novel Targets for Pediatric Cancer Immunotherapy
	<i>Invited Speaker: Dr. Philipp Lange</i> (University of British Columbia), Single-cell and spatial proteomics to improve personalized precision medicine
	Three abstract selected talks
12:30 - 1:30 pm	Lunch , Annual General Meeting and Networking
1:30 - 3:15 pm	<u>Session 2: Proteomics Technology and Innovation</u>
	<i>Invited Speaker: Dr. Stuart Cordwell</i> (University of Sydney), Integrated multi-omics for linking mass spectrometry to bacterial pathogen phenotypes
	<i>Invited Speaker: Dr. Ling Hao</i> (University of Maryland), Advancing Proteomics Strategies to Capture Lysosome Dynamics in Human Neurons
	Four abstract selected talks
3:15 - 3:45 pm	Coffee Break
3:45 - 5:00 pm	Award Presentations
5:00 - 6:15 pm	Lightning Talks
6:15 - 7:30 pm	Networking Reception
